You want to discover new things in your career and develop yourself?

Then we are the perfect match! Neoeption offers you freedom for new ideas, a creative environment, and the opportunity to actively shape the future of automation technology.

Our team creates software solutions for Pepperl+Fuchs sensors in the context of the Internet of Things (IoT). Neoeption GmbH is an independent startup within the Pepperl+Fuchs Group. We offer web-based solutions that are tailor-made to the requirements of our customers. To help us do this ambitious work, we are looking for a:

Technical Sales, Professional Services/IoT

Your role:

- You will pursue leads from our various sales channels, from initial customer contact to successful project.
- You will find new customers for our SaaS products and custom solutions.
- You will serve as the interface between customers, sales, partners, and the internal development team.
- You will prepare reports for stakeholders and nurture customer contacts.
- You will develop our international sales structures.

What you bring to the table:

- You have at least five years of experience selling professional services in a software environment.
- You pursue long-term goals.
- You have outstanding people skills.
- Your written and spoken English is excellent.

We are an energetic team with a passion for new technologies, motivated by constant curiosity and the desire to revolutionize the world of automation technology. For us, binary trees do not belong in the forest, and cookies are not just something served at meetings.

If $1+1=10$ makes sense to you and you want to be part of our team, we look forward to receiving your application. You can apply online with your résumé.
