

WE'RE HIRING

FIND YOUR PASSION, MAKE A DIFFERENCE, AND GROW YOUR CAREER WITH US. BECOME A NEOCEPTIONIST!

Open Position:

Software Developer / Architect -Cloud services

You want to discover new things in your career and develop yourself?

Then we are the perfect match! Neoception offers you freedom for new ideas, a creative environment, and the opportunity to actively shape the future of automation and digitalization. As an independent spin-off within the Pepperl+Fuchs Group we develop innovative products, sustainable business models and tailor-made customer solutions in the context of the Internet of Things (IoT). Our team is located in Mannheim (Germany) and Vila Real (Portugal). Our tech stack is built on Kubernetes and defined via Infrastructure-as-Code. We build mobile apps in Capacitor and Vue.js and APIs via openAPI.

Your role:

- You will be responsible for the overall cloud architecture of our products and solutions.
- You will be responsible for improving/extending our technology stack continuously.
- You will assist our POs and Project managers to analyze customer requirements and transform them into suitable application and cloud architectures. ☑
- You are actively taking part in the implementation of our services and guiding the development team to success.

What you bring to the table:

- You have a degree in computer science or a comparable qualification
- You are addicted to the latest technologies and bring intrinsic motivation to evaluate them.
- Your thinking is security centric and you are aware of modern security technologies.
- You know C#, Java and JavaScript / TypeScript like the back of your hand.
- You are experienced with cloud platforms like Azure, AWS, Google Cloud and SAP Cloud.
- You dockerize everything and make it run on any platform.
- You are experienced in setting up and managing Kubernetes clusters.
- You are familiar with streaming technologies like mqtt or Apache Kafka.
- Infrastructure-as-Code is nothing new for you.
- Your written and spoken English is excellent.

We are an energetic team with a passion for new technologies, motivated by constant curiosity and the desire to revolutionize the world of automation technology. For us, binary trees do not belong in the forest, and cookies are not just something served at meetings.

If 1+1=10 makes sense to you and you want to be part of our team, we look forward to receiving your application.
