

You want to constantly learn new things? Do you want to search for the state-of-the-art technologies and see how can they solve everyday problems? Do you want to be part of a great international and diversified team?

Then we are the perfect match! Neoception offers you freedom for new ideas, a creative environment, and the opportunity to actively shape the future of automation and digitalization. As an independent spin-off within the Pepperl+Fuchs Group we develop innovative products, sustainable business models and tailor-made customer solutions in the context of the Internet of Things (IoT).

We are an energetic team with a passion for new technologies, motivated by constant curiosity and the desire to revolutionize the world of automation. For us, binary trees do not belong in the forest, and cookies are not just something served at meetings.

If $1+1=10$ makes sense to you and you want to be part of our team, we look forward to receiving your application.

We are looking for:

Artificial Intelligence Consultant (M/F/D)

The talent what we are looking for has:

- MSc/PhD on Computer Science, Computer Engineering, Mathematics or related field;
- Knowledge or experience using at least one of the following: Python, Java, JavaScript, Scala, etc;
- Problem-solving, open-minded, critical thinking attitude;
- Curious, proactive and team-oriented spirit;
- Proficient in spoken and written English;
- Must live in Portugal;
- Hybrid work;
- Fluency in English.
